District To Be Dissolved For More Pay?

Employees of the Placentia Library District, in an effort to boost their wages and benefits, last week demanded in a communication from their bargaining agent, the Orange County Employees Association that the special Placentia Library District be "eliminated."

"We propose that the function of providing library service to the citizens of Placentia be assumed either by the city of Placentia or by the county of Orange," the letter states.

As explanation for the demand, the communication outlines that during recent years negotiations, the library district has pleaded an inability to upgrade wages and benefits for its employees to a comparable level with library employees throughout the county.

"The unique nature of a special district has been advanced as the reason for this dilemma," the letter continues.

Breaking their usual silence, trustees of the library board this week issued a statement indicating the demands of their employees and the trustees counter offer.

In past years the negotiations have been kept secret until the decision has been made or unless employees revealed the information.

In a general news release, the district this year indicates that the library employees are seeking a 21.6 to 26.1 per cent hike in salaries and benefits for the coming fiscal year.

Further stated in the employees communication is that "in the interim period while the mechanics of this changeover are being performed (from library district to city or county), we request the following wage and benefit improvements."

That the salary for each classification be increased to the county-wide average.

It is recommended that the district assume the cost of dependent medical insurance premiums.

It is recommended that the district provide a dental insurance plan separate from the medical insurance and that it assume the cost of employee and dependent coverage.

It is requested that a 10 per cent shift differential be provided to all full and part time employees who perform work after the hour of 6 p.m. Monday through Saturday or at any time on Sunday.

It is requested that a long term disability insurance plan be provided by the district.

It is requested that the district provide for full payoff of accumulated sick leave upon termination after three years full time service up to a maximum of 50 days.

The library trustees counter offer would negotiate for a three year period instead of one, offering a 22.1

Founders Society Protests Insurance Discrimination

Strangled by government red tape and insurance demands, members of the Placentia Founders Society this week were still attempting to find ways to save the Bradford House, their goal, in spite of last minute requirements from members of the city council and staff.

The council recently gave an order that the Founders must provide a $1 million umbrella insurance policy and workman's compensation insurance in addition to the policies already ordered by City Hall, before they can lease the Bradford Home.

The umbrella insurance founders members pointed out would be a duplication since the city already has the Bradford House covered at no extra expense along with all other city facilities in a $3 million umbrella policy.

The Founders, a volunteer group had previously been requested by City Hall and had secured $100,000 in fire and extended coverage insurance and $300,000 in liability. This insurance, on which $300 had been paid, went into effect March 1, the anticipated time that the $1 a year lease for the Bradford House was expected to take effect.

Last minute revisions and additions at City Hall, however, have now turned this into a duplication in insurance effort with the Bradford House apparently doubly insured since March 1. Moreover, since the policy apparently is no longer acceptable to City Hall, the Founders Society stands to lose its present insurance policy, but the $300 binder.

Members of the Founders Society at a board meeting last week expressed their frustration and discontent at the turn in events.

Founders first vice president Charles Arnold pointed out that the organization can do one of four things: raise the monies and pay for the insurance, turn the house back and withdraw the offer to restore it, put the Bradford House back on the ballot and ask the electorate to reconsider a prior vote not to spend taxpayer monies for the home or wait and see what the city council is going

La Jolla Fights On; Chairman Resigns

Members of the Citizens for the Preservation of McFadden School held additional meetings last week to complete legal work needed to obtain a temporary restraining order against the closing of the facility, as the chairmanship of the organization changed.

Rod Jimenez who has chaired the citizens committee from its origin offered his resignation because of poor health. Taking his place will be Ruth Chaidez, elected by acclamation.

Jimenez who has spoken eloquently on several occasions on behalf of keeping the school open, has suffered intermittently from a health problem aggravated from the strain of the school situation, it was reported.

The school is located in the La Jolla neighborhood of Placentia where the Jimenez family lives. The Placentia Unified School District trustees recently voted to close the facility.

In a message read to the committee last week Jimenez wrote: "Due to my illness and work load, I am stepping down as chairman of the organization. I can no longer dedicate the time necessarily required by my position on the board. Therefore I regretfully give up the chairmanship.

"I am not abandoning you by any means and I will continue to be involved in the struggle to preserve McFadden School to the extent that my health and work load will allow me.

"The decision has not been an easy one for me to make. However, after some hard thinking, keeping the organization first in my mind, I

El Dorado Students In Automobile Crash

A second automobile accident involving students from El Dorado High School was reported this week when an automobile driven by Patricia L. Cahoon, 18, of Placentia crashed into a tree in a median strip on Crown Valley Parkway in Laguna Niguel.

Time of the accident was reported by the California Highway Patrol at approximately 1 a.m. Saturday morning.

The car reportedly travelling at speeds near 100 miles an hour, split into three pieces on impact with the tree. All occupants were transported to Mission Community Hospital in Mission Viejo.

Still in intensive care Sunday was Felicia Patino, 17, Placentia who was reported by the hospital in stable condition. Miss Cahoon was said to be out of intensive care in satisfactory condition.

Also treated at the hospital were twins Kellee and Kristee Kimmell listed with minor and moderate injuries. They were listed as released.

Extent of the injuries of the two students remaining in the hospital was not available. The car was reported to be a week-old Datsun Z.

Miss Cahoon, whose family lives in Placentia, is a television personality who has appeared as a regular cast member on the TV program "Apple's Way" and as a guest star on the "Patridge Family." She also is seen in television commercials.

Police-Chase Driver Pleads No Contest

Sentencing of William Floyd Curling of Yorba Linda who was charged by Placentia police with criminal infractions of assault and battery on police resisting arrest and reckless driving will be handed down by Judge David Bach on April 28 in North Orange County Municipal Court.

Curling pleaded no contest at the trial.

The court case resulted from a wild chase by Placentia police in pursuit of Curling driving a 1976 yellow Cadillac on October 3, 1976. Curling headed for home north on Rose Drive was estimated by police to be driving approximately 90 miles an hour.

When Curling was finally stopped by police it was alleged that he refused to get out of his car, locked the doors and would not turn off his car's engine.

The driver then allegedly drove off in his car, speeding off the police officers. When the police arrived at the scene they pursued him on foot and in vehicle to his home nearby.

Refused entrance the police nevertheless pursued efforts according to reports to locate their escapee. Curling reportedly had removed his clothing and was taking a shower.

The message of the morning will be brought by Rev. David Brostrom who has ministered in the "Church In The Marketplace" in Placentia, the past eight years. The title of his message is "Because It Happened".

The Showmobile belonging to the city will be used for this community event. There will be chairs placed in the park for the open air service. Sal Zavala Critical After Brain Surgery

Salvador Zavala, Placentia resident and veteran in the service of education, was listed in critical condition at St. Jude's Hospital in Fullerton this week following six hours of brain surgery.

The surgery removed a tumerous growth.

Zavala, who is the only person to serve on two local school boards simultaneously, is a trustee of the Placentia Unified School District and the North Orange County Community College District for this area.

Friends and relatives report that Zavala had entered a hospital for tests a week ago and a tumor had been diagnosed. He was immediately admitted for surgery.

The veteran school board member regained consciousness following the operation and spoke with friends. However, complications later developed and he has since been listed as critical and under care in the intensive care ward of St. Jude.

His wife, Mrs. Doris Zavala and their six children have been at the

Three-Car Collision Kills Two Persons

A two-month-old Placentia baby and a 27-year-old woman from Tijuana, Mexico were dead Sunday following a crash that involved three automobiles.

The triple collision took place after 7 p.m. Sunday at the intersection of East Birch Street and Kraemer Boulevard in Brea on the Placentia outskirts.

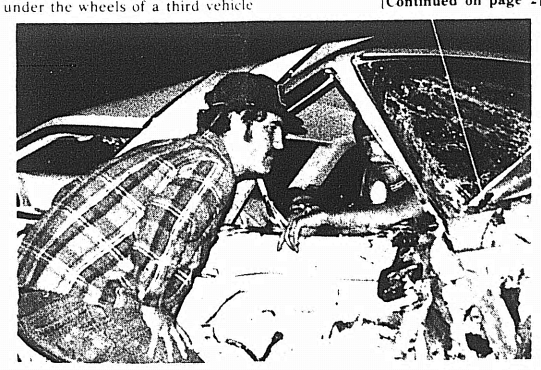
The dead woman, Alicia Bartolo had been riding in a pickup truck north bound on Kraemer at a high rate of speed, Brea police records allege.

The driver of that car, Jose Luis Rodriguez, 27 of Baldwin Park failed to stop at the intersection, police reports allege and the impact threw Ms. Bartolo through the windshield of the pickup truck and allegedly under the wheels of a third vehicle driven by Mary Joyce Crabb, 35 of Brea. Her two-year-old daughter and 8-year-old son were riding with her. None of the three in that car were seriously hurt and did not require hospital care.

The Thunderbird struck by the Rodriguez vehicle held a family of four from Placentia. The two month old son Roland Nicholes Sanfillipo died from massive skull injuries, police report.

Also in serious but stable condition is the mother Saralynn Marie Sanfillipo, 743 Tennyson, Placentia who was taken to Placentia-Linda Community Hospital. The husband and driver of the struck car was Robert Joseph Sanfillipo II, 29 who received facial lacerations.

(Continued on page 2)



A RESCUER runs up to the Sanfillipo automobile Sunday night after it had been struck by another car in a three-vehicle collision at the corner of Birch and Kraemer Boulevard in Brea. Mrs. Saralynn Sanfillipo was trapped in the car and had to be extricated and is in serious but stable condition. Her husband, driver of the car is with her. Their two-month-old baby was killed in the accident.

Carolyn Hill Wins Tournament Medal

Carolyn Hill, Placentia coed who attends the University of Miami, won the qualifiying gold medal Monday in the North-South Amateur Golf Tournament at the Pinehurst, N.C. County Club.

Miss Hill, who is a graduate of El Dorado High School, shot a three under par 71 in the 75 year old tournament.

The first rounds of the tournament cut the field from 76 to 32.

Error In Story

A story carried on Page One of last week's Placentia Courier stated that city council members were requiring a $1 billion insurance umbrella for the Bradford House, to be purchased by members of the Founders Society.

It was a typographical error and should have read $1 million as stated later in the story.

Call These Numbers In An Emergency

Because of confusion over the proper number for Placentians to call in case of an emergency, Captain David Buck, Battalion Information Officer in the Placentia fire stations reminded callers of the correct numbers this week.

The emergency number for the Police Department is 993-8111. To report a fire or reach paramedics, call 528-2101. The Orange County Fire Department business number is 538-3553.

Zavala, who has been a contributing spokesman in local education circles, was one of the individuals who established Rosary High School, St. Joseph's Catholic School and the North Orange County Community College District.

He has been a member of PUSD since 1956 and was recently reelected to another four year term on the NOCCCD board.

Church In The Marketplace Offers Unique Ministry

"The City of Placentia has a rather unique ministry in its city," the Reverend David Brostom, pastor of The Church in The Marketplace, points out. "It is a church that carries out its spiritual mission from the vantage point of the Sierra Vista Shopping Center, located at the corner of Bastanchury Road and Placentia Avenue.

"Faced with suburbia's high cost of land and buildings," Rev. Bostrom continued, "this congregation opted to lease space to use for worship and ministry rather than to buy property.

"The church, because of its location, chose to minister to the community on the basis of need assessment. It has conducted a variety of serices including a Bible Study bookstore, a counseling center, a drop-in ministry for youth, the XYZ club, a Senior Citizen ministry and the regular Bible preaching and teaching sessions.

"The core group membership is composed of a highly committed membership of about 100 people who sustain the ministry with leadership and funds for operation."

The pastoral leadership has been given by Rev. Bostrom, who is a veteran pastor of 26 years of ministry. In addition to his pastoral duties, Rev. Bostrom serves as a member of the National Board of Home Missions of the Baptist General Conference with headquarters in Evanston, Illinois.

The associate minister of the church is Terry Walling, a Talbot Seminary student who is in charge of the Bridge, a program of youth ministry. Walling is known in the City of Placentia having directed the summer day camp sponsored by the city's Recreation Department.

The church has recently moved its chapel within the center and the target date for its dedication of the new space is April 24, Rev. Bostrom reports.

The church has been featured in metropolitan newspaper stories, on television and has received some national recognition over its rejection of the idea of "spending a half million dollars for brick and stone" to build a church. The congregation has recently renewed a five year lease at the shopping center.

Rev. Brostrom explained that the ministry at the church is personal "almost like an extension of a family with individual counseling and concern.

"We are independent, we have no debts, we are not supported from the outside at all. In our congregation there is a caring relationship," he explains.

The pastor said that he has received letters from across the nation from recent national publicity, of people inquiring how the church is organized and its purposes. The church has been in the shopping center for eight years.

Local Dentist Status Restored By Court

Local dentist, Robert J. Genc, DDS, has been awarded a judgement by the Orange County Superior Court against the California State Board of Dental Examiners.

The State Board previously had issued disciplinary action stemming from the alleged charge of aiding and abetting an unlicensed person to practice dentistry.

The action was that Dr. Genc be suspended for 30 days, stayed 3 years, from the practice of dentistry.

Dr. Genc secured the judgement from the court which declared that the Board of Examiners must vacate its decision in the matter of Robert J. Genc, DDS.

The Board also was commanded to vacate its disciplinary order against Dr. Genc and dismiss any accusations against him and to pay court costs.

Following the court case the Board of Dental Examiners issued a written statement that it would not appeal the Superior Court decision. It also stated that the disciplinary administrative decision made against Dr. Genc was being vacated.

"Therefore your license remains in good standing. No record of any disciplinary proceedings will be maintained in your file," the statement concludes.

End Of A Legend— Ruby Smith Is Dead

BY BETTY MEAD

A part of a legend passed away here over a week ago. A legend of the Blues.

The chapter closed with the death of Miss Ruby Walker Smith, not known to the average American but whose association with Bessie Smith was the dominating factor in her life.

Bessie Smith was the famed "Empress of the Blues" one of the best known signers of all times and a major recording artist for Columbia Records.

Her life ended in an automobile accident on a Missippi Road, several years ago, perhaps a more likely place than that of the death of her husband's niece, Miss Ruby Walker Smith. Ruby spent much of her life with Bessie.

Ruby Smith, as she was known to her friends in Placentia, arrived in these environs by several quirks of fate.

Twenty years younger than Bessie Smith, Ruby had been her lifelong companion before her death, traveling with her, appearing in her many stage shows and in the interim learning something of her unique singing style.

Ruby also had appeared on the stage as a star, once in New York's Town Hall, where she had been encouraged by her backers to emulate the style of the world-famous Bessie.

In time age took its toll and Ruby Walker, who changed her name to Ruby Smith in fond remembrance of Bessie, died in a neighboring convalescent home here of the affect of cancer. She was 73.

Her funeral, unlike Bessie's which in 1937 was one of the largest Philadelphia had ever witnessed, was modest, with only a few close friends she had made since she set up housekeeping in a Placentia apartment. The setting was far removed from the glitter of show business or the raucous and stimulating life style of living with Bessie.

Ruby Smith came to Placentia by accident...or natural catastrophe. She was summoned to the west coast from a life of the remnants of show business and working as a housemaid and companion for other families on the east coast.

The call west came from a major motion picture studio intent on doing a movie on Bessie Smith. Ruby the only living authority on Bessie Smith, was to serve as the technical adviser for the film.

Busing from the east coast, Ruby, she later recalled, had set her destination for Hollywood, arrived at a downtown Los Angeles bus terminal practically the same moment as the San Fernando Valley earthquake. Hearing about that, she continued her bus journey to a next, hopefully safer stop. That turned out to be Fullerton.

The planned motion picture, losing financial backing, never materialized and Ruby eventually found herself in a Placentia apartment, doing housework as long as her health would permit and still reaching a hand out to the glamour and excitement of the show business world.

She could still bring the house down with her voice and singing some of Bessie's favorites, she became in demand when people

Weekend Retreat Develops Budget

Approximately a dozen department heads from Placentia City Hall and two councilmen Sunday afternoon completed a weekend budget session at a seminar facility, Coto de Caza in Trabuco Canyon.

The weekend excursion which cost the city between $1,050 and $1,100, it was reported, is an annual event to give department heads uninterrupted time to complete the year's budget document. Frank Dunnavant, head of the finance department explained.

Dunnavant said that the budget was almost completed at the retreat.

Among those attending for at least part of the session were Councilmen Donald Holt and William Rashford. Staff members beside Dunnavant included city administrator Edwin Powell; his assistant Jack Slota; head of community development Ben Minamide; purchasing agent Jim Park; police chief Norman Traub; planning director Arnold Hamala; recreation and human services head Jim Soto, head of personnel Lee Sabe; chief building official Victor Newton; social services director Jeffrey Nimeshein and commercial and industrial resources head James Buchner.

per cent increase over the three years.

"The boost would break down to a " per cent increase in the first year plus a payoff of accumulated sick leave. The second year totals a maximum increase of 8.4 per cent including a dental program for employees and their dependents and the third year a maximum increase of 6." per cent including a long term disability program.

"The grand total for the three year program would be a 22.1 per cent increase over present earnings."

Concerning dissolution of the district to merge with the city or county, the trustees response remarks that the item is not related to salary, wages and benefit package "and therefore were not a part of the call for the special meeting held March 30, 1977. Your suggestions may be discussed at future meetings."

Trustees denied the request for a shift differential for work performed after 6 p.m. on Monday through Saturday and any time on Sunday and the request for dependent medical insurance premiums to be paid by the library board.

"The premiums are extremely expensive and would be available to less than half of the association's membership," the trustees statement pointed out. "All but three employees represented are already covered by either their spouses dependent coverage or another program."

Library employees are already covered by step raises in each position.

Driver To Be Sentenced

[Continued from page 1]

Eventually nine Placentia Police officers, including one woman, had advanced to the home to apprehend the wanted man. Officers were finally able to extricate him from the shower after a considerable struggle, and transport him to the Orange County jail.

Curling, his wife and daughter had brought claims of $11.5 million over the episode, charging that Curling had been embarrassed over police taking him forcibly from the shower and transporting him unclothed in front of his wife, 15-year-old daughter and neighbors who had gathered outside his home because of the commotion. Police said that Curling was wrapped in a sheet.

Placentia Police Chief Norman Traub, said, however, that Curling and his family have not filed law suits after the claim for the $11.5 million was automatically denied by the Placentia City Council.

The police case was heard by jury last week resulting in the pending sentencing.

Teachers Group Makes Gains

The California Teachers Association, affiliated with the National Education Association, has organized 63.4 per cent of Orange County teachers into its ranks, the organization reported this week.

Associated with the group are teachers from the Placentia Unified Education Association (657 teachers) and those from Yorba Linda (94).

In a bulletin from the CTA, the group points out that the American Federation of Teachers (AFT) and the Professional Educators Group (PEG) "have been totally locked out of the county and CTA-NEA chapters represent 100 per cent of the county's teacher bargaining units."

"The significance of this achievement of the CTA-NEA leadership in Orange County cannot be overestimated," the bulletin points out. "Membership continues to rise in equally impressive fashion--over 1,000 new members during this past year alone according to figures of this last November."

Orange County CTA-NEA now numbers 10,307 teachers on its rolls.

The bulletin also adds that 36.6 per cent of the county's teachers have not yet settled on a representative organization. This includes eight school districts one of which is Anaheim Secondary.

The total number of teachers in the county is 16,259. There are 30 school systems.

Wreck Fatal To Two

[Continued from page 1]

Also in the automobile was Robert Joseph Sanfillipo III two-years-old, who received cuts and bruises. The Sanfillipo vehicle was traveling east on Birch Street.

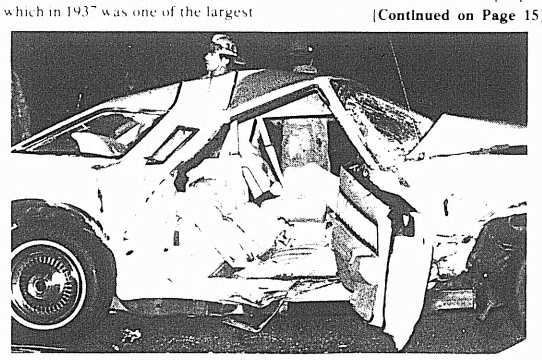
The driver of the first car received serious face and upper torso lacerations. He was transported to Placentia-Linda Community Hospital then to the jail ward at the UCI Medical Center in Orange, police records show.

He has been charged with being under the influence of alcohol and two counts of suspicion of felony vehicular manslaughter. Another passenger in this car along with Ms. Bartolo was Sergil Gomez, 42 of Maywood. Police said Gomez was arrested for his own protection on suspicion of drunkeness but that no charges will be filed against him.

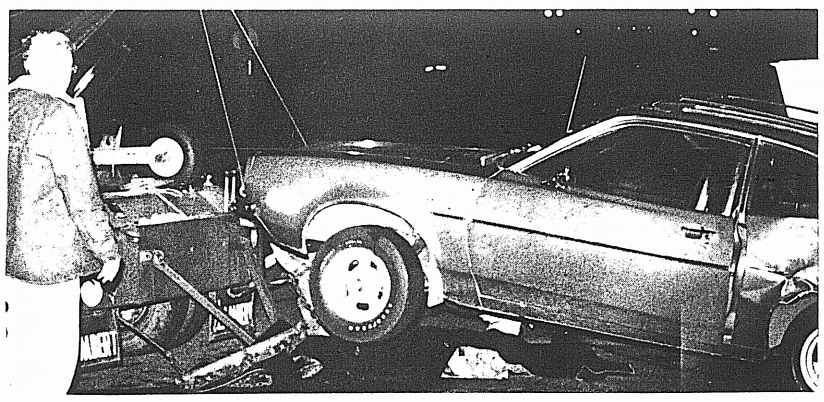
Gomez had massive face and arm lacerations, the police report shows.

The third car driven by Mrs. Crabb was advancing westbound on Birch but was unable to avoid the colliding cars, Brea Police Officer Mike Searles said. All three autos had to be towed from the scene.

Mrs. Sanfillipo also had to be pried from her vehicle with the Jaws Of Life tool.



THE SANFILLIPO AUTOMOBILE shows the scars of the accident, following removal of the four-member family.



FATALITY—the body of Ms. Bartolo lies under a third car in a three-vehicle collision Sunday night.

HasWheels, Will Travel

For most young people, a tour of Europe means a series of cities connected by bus or train. But at least two men have a different idea.

Dr. Allen Zeltzer and Peter van Nuys lead student trips with a twist, and they really like to touch the country they travel through.

For five years, Dr. Zeltzer has bicycled the backroads and byways of Europe, showing groups of young Americans the Europe he loves. He has logged close to four-thousand miles, most of it along the rural lanes and roads that crisscross Europe's farmlands.

Why does he do it? "I enjoy meeting the 'real people'," he says, "away from the rhetoric of the guide books."

En route his groups have hit the "must see" cities of London, Amsterdam, Copenhagen, and Paris—they've "seen the sights"—but the college and high school students who make up his tours prefer the country.

"They're unanimous," says Dr. Zeltzer, "the small towns and villages have provided the highlights."

This summer his group will bicycle between 30 and 60 miles a day. Occasional long distances will be covered by train, and group luggage is carried in a van. "Everyone rides the distance at their own pace. There's a sense of freedom and adventure."

But sometimes it rains. "I've found the camaraderie that develops—the sharing and helping within the group—becomes part of your personal experience," Dr. Zeltzer says. "It's an element you can't feature in a travel brochure."

Dr. Zeltzer is director of the Instructional Media Center at Cal State Fullerton. He and his wife, Marion, who accompanies her husband on tour, live in Yorba Linda.

GETTING READY--Dr. Allen Zeltzer, left, of Yorba Linda, and Peter van Nuys prepare for their respective summer European bicycling and hiking trips.

Scotty Greene To Entertain

The Placentia Senior Citizens Club will have Scotty Greene present one of his popular musical programs on Wednesday, April 20 at 12:30 p.m. at their regular meeting. Scotty will be performing at the Senior Citizens Clubhouse, 143 South Bradford.

Elks Club Honors Coed

California Elks Club Most Valuable Student Award was received by Jeanette Roberts for taking second place.

Through a mail-in application form based on grades, leadership, and financial need Miss Roberts was chosen for a $300 scholarship.

Planning to attend the University of Redlands College, Miss Roberts will use the money for enriching her education.

Jeanette will now be entered into National Competition.

Greene has been a successful entertainer for many years both in this country and in the British Isles. He has sung in night clubs and Vaudeville, on radio and television and in many community programs.

His command performance for Princess Anne of England was his most unusual experience as an entertainer. For further information, call 993-4380.

Services For Blind Offered

Job training for a variety of vocations is being offered by Services for the Blind, Inc., 2015 N. Broadway, Santa Ana, to blind and visually impaired residents of certain Orange County cities.

The program runs from 8 a.m. to 3 p.m. Monday through Friday and has resulted in the past six months in many formerly unemployable individuals obtaining gainful employment. In addition to the training, Services for the Blind, Inc., helps with placement. Participants in the program are paid an allowance while being trained.

For further information call Services for the Blind, Inc. at 541-3354.

Tiger Girls Chosen For Accomplishments

Seniors Linda Luisi and Jeanette Roberts captured third place in the semi-finals of the Bank of America's 30th annual Achievement Awards program for the Anaheim, Brea, and Placentia areas.

Miss Luisi competed in Liberal Arts, Miss Roberts in Fine Arts. Both received prize money of $75. Judging was based on grades, leadership, and a discussion question.

The competition judged by a panel of local civic and business leaders was held at the Anaheim Hyatt House, March 23. An awards banquet will be held at the Marriott Hotel for all participants.

Forgot to buy that greeting card? Cut letters and words from magazines and newspapers, glue ransom-note style to pretty cutout picture. Mount on construction paper.

When casting on stitches to begin a knitted piece, use a needle two sizes larger than that needed for the knitting. This prevents a nonstretch beginning.

Need a baby bib pattern? Make one yourself using half of an oblong china platter as a guide.

Great oven-cleaning trick: put a tablespoon or two of ammonia in a pan of hot water, leave in oven overnight. Just as good as store-bought cleaners.

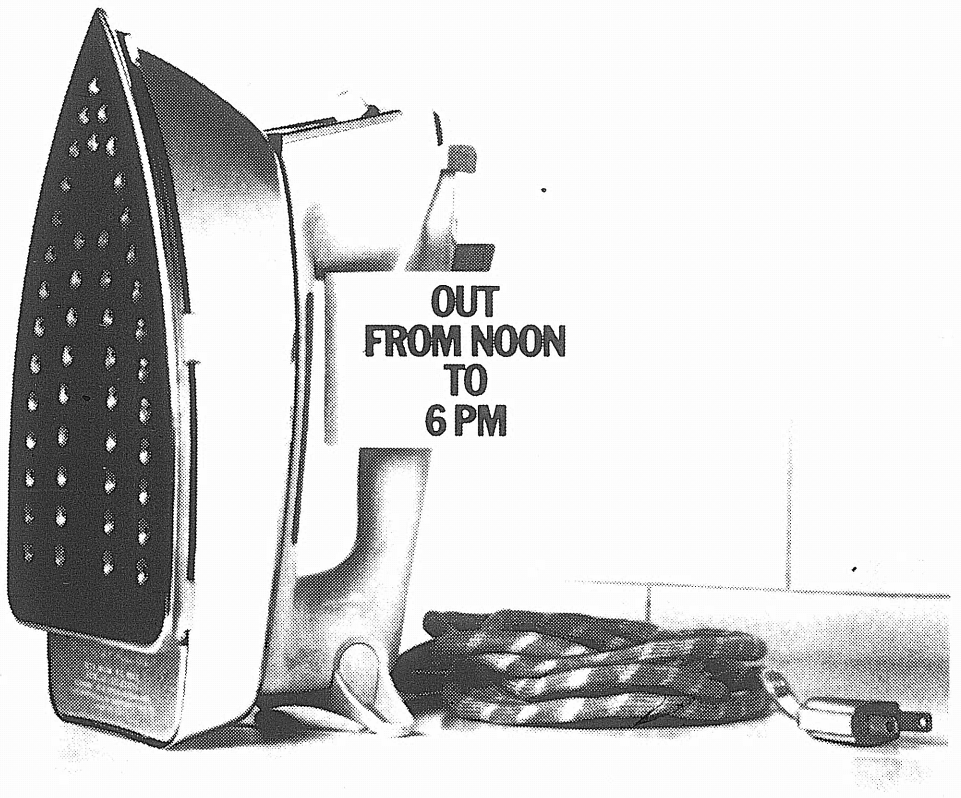
GIVE YOUR APPLIANCES THE AFTERNOON OFF.



Most of the electricity we generate is needed by factories, farms and offices—so people can make a living. The greatest demand for this electricity is during the day. You need electricity to run appliances in your home, too. And the greatest demand for this electricity is also during the day.

Here's the problem: Because of the growing demand for electricity during the day, we'll have to build more power plants. And building power plants today is more expensive. That drives up the cost of electricity to everybody.

Now there's something we all can do to help: Spread the use of electricity more evenly around the clock. Edison is working with large industrial customers to help them find ways to shift some of their electric use to the evening hours. But most people prefer to work during the day, so there's only so much industry can do without drastic rescheduling of work shifts.

It's afternoon use of electricity that's the biggest problem. So you can help by doing some of your daily routine at night or in the morning. Perhaps you can wash and dry your clothes at night. Use your dishwasher at night. Iron in the evening. Bake in the morning.

It means changing your routine a bit. But if we do use electricity wisely, it will help to hold down the cost in the future.

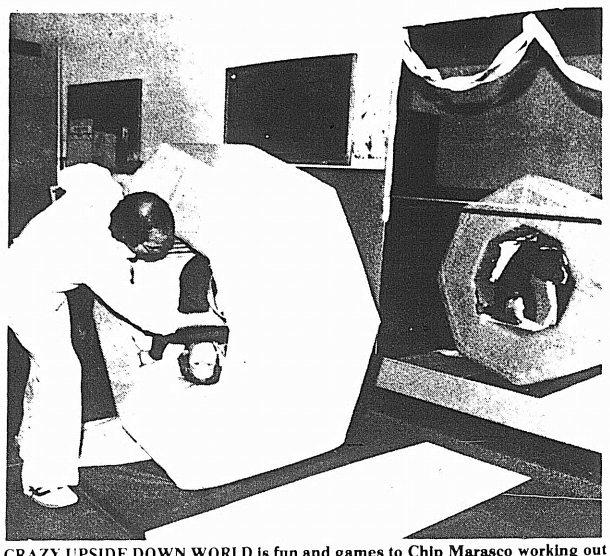
Suggestions from the community on how best to spend available housing and community development monies, will be pursued at two additional community meetings.

A first meeting was held last week at the Gomez Community Center.

Additional meetings are being called for Thursday, April 7 and 7:30 p.m. at the Whitten Community Center, 900 South Melrose and Thursday, April 14 at 7:30 p.m. in the Koch Recreation Center, 2210 North Valencia Avenue.

Monies can be spent for home repair, street construction, public services, land purchase, special projects for the elderly and handicapped, public works constructions and community facilities.



CRAZY UPSIDE DOWN WORLD is fun and games to Chip Marasco working out here with Bailey's Young World instructor Tom Lombardo. This is a part of a motor skills class.

Course for Diabetics

Opening Monday, April 11, at St. Jude Hospital and Rehabilitation Center will be another four-week series of classes on self-care for diabetics, sponsored by the North Orange County Community College District.

The only charge for the adult education class will be a $10 laboratory fee.

Enrollment is limited and registration will be conducted only in the first of the four 7 to 10 p.m. sessions.

In addition to an explanation of the disease, the course will include instruction in urine-testing, diet, oral medication and techniques for diabetics using insulin.

Additional information can be obtained from adult education offices in Anaheim, 200 N. West St., 635-8560, and in Fullerton, 1000 N. Lemon St., 870-4990.

Each diabetic participating is asked to bring along a relative who can serve as a partner in training exercises and then work with the diabetic in self-care procedures at home.

Dance Class Available At Center

Ballroom Dance classes, sponsored by the Placentia Recreation Department are available on Monday evenings from 7 to 8 p.m. at the Backs Community Building starting April 18.

Registrations are being accepted at the Recreation Office, 117 North Main Street, Monday through Friday from 8 a.m. to 5 p.m.

Daughter Born

A daughter, Kari Denise Steiner, was born on January 30, 1977 at St. Jude's Hospital, Fullerton, to Gene and Kim Steiner of Buena Park. Her maternal grandparents are the Arlan Scotts of Placentia.

The baby weighed 8 pounds, 6½ ounces at birth and measured 20½ inches in length.

Sports Movement Class

A program of learning to teach movement skills to young boys, that can be applied to sports as well is being offered at Bailey's Young World Dance Studio, 1152 Yorba Linda Boulevard, near Rose Drive, in Placentia.

The class of boys 4 to 12 will meet at 10 a.m. on Saturdays instructor Tom Lombardo reports.

Concepts explored in the course include the use of personal space (position on the team) and general space (the playing field). Also studied will be locomotive and non locomotive movements.

How to twist, turn and sway and run without losing speed will be examined.

The course, Lombardo reports, teaches self confidence, hand, foot and eye coordination that can be applied not only to sports but also school work.

"Youngsters sometimes appear clumsy," Lombardo points out, "because they have not learned spacial concepts. "Sometimes these skills appear automatic but they also can be taught specifically."

Girls classes also are available at the studio

SPECIALISTS

Trustees of the Placentia Unified School District approved job description for fully funded position of Indo-Chinese School Community Specialists through the rest of the school year.

but they are combined with dancing routines, the instructor indicated. "We have all kinds of the very latest in equipment needed to work with young people," Lombardo pointed out.

Owner of Bailey's Young World is Bryce Bailey. He operates seven studios in Orange County.

Among skills taught in the boys class are ball handling skills, throwing, catching, spinning and application to athletic programs.

Canine's Course

The City of Yorba Linda Recreation Department will once again be offering a ten week course in dog obedience in their Spring program.

The course is open to all breeds of dogs ages six months and older, and will cover all novice obedience exercises, off-leash work, and help with problems such as chewing, hole-digging, etc.

The class will be meeting on Thursday evenings 8 to 9 p.m. starting April 14th, with an orientation meeting, to be held WITHOUT DOGS at Yorba Linda Junior High School. All other meetings will be held at the Bank of America parking lot on Main Street, across from City Hall.

The acclaimed high school choir is here as part of a week-long tour of the Southern California area.

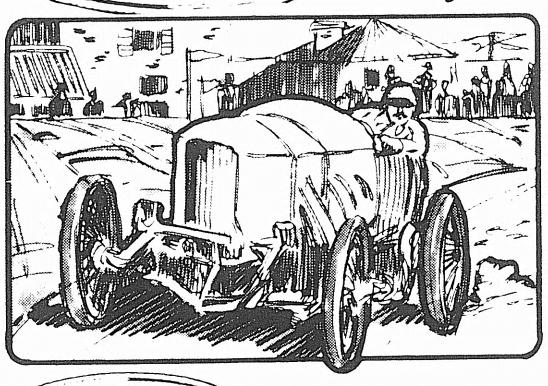
Remember When ...The GRAND PRIX was first run?


In 1906 the first Grand Prix was run on a 64 mile course near Le Mans, France. The participants took 2 days to complete 12 laps. Its popularity zoomed in the 1930's with the support of the Italian and German auto makers.
30 years earlier the John Bloeser Carpet Co. had begun on the site of the present Los Angeles City Hall. Since that time the company has built a reputation for complete customer satisfaction that is the envy of its competitors.

A Healing Church Service.

Going to church can do more than comfort you. Church can be an energizing, healing experience in which fear and sin begin to fade, and new views of God and man appear.

At our services, your love of the Bible grows. Your understanding of God increases. And often, as a result, mental and physical problems are permanently healed.

A Christian Science church service is more than uplifting. It's healing.

Won't you come soon?

The true symbols of Easter are not budding trees, spring flowers, rabbits, baby chicks, or colored eggs. The true symbols of Easter are the vacant cross on Golgotha and the empty tomb in Joseph's garden. When it comes to the observance of Easter, far too many people place all of the emphasis upon new clothes, when it ought to be upon new life. Many participate in the fashionable and worldly Easter gaiety, who know nothing of the reality of a living Saviour who was crucified, buried, risen, and is coming again in power and great glory to judge the world in righteousness.

Just as God covered Adam and Eve with other clothes than those they had made themselves, and as the prodigal's father exchanged his son's rags for a kingly robe, so Christ will give you His righteousness as a covering for your sin. The only Easter parade which really matters is that "great multitude, which no man could number, of all nations, and kindreds, and people, and tongues... which...have washed their robes, and made them white in the blood of the Lamb." Such a heavenly wardrobe can become yours "without money and without price" by repentance of sin and faith in the Saviour.

The clothing to wear, then, on Easter day and every day is described in the Bible as follows: "Put off the old man, which is corrupt according to the deceitful lusts...and put on the new man, which after God is created in righteousness and true holiness." You must put off your old sinful nature and put on Christ by faith to become a brand new person in Him. The same power that raised Christ from the dead enables Christians "like men rescued from certain death," to put themselves "in God's hands as instruments of good for His own purposes. For sin is not meant to be your master."

In the true spirit of Easter, make a new beginning, live a new life in Christ, and enjoy "the glorious liberty of the children of God."

Musical Tells Easter Story

Full costumes, spotlights, dramas, narration and combined choirs come together in the Easter "Living Witnesses" musicals at Rose Drive Friends Church. Two presentations will be held, the first on Good Friday Evening, April 8, at 8 p.m. and the second on Easter Evening, April 10, at 6 p.m. The hour long performances retell in modern language the impact of the resurrection on real people.

The miracle of Easter gets a fresh look through the eyes of those who first met the resurrected Jesus. In dramatized scenes the first eyewitnesses share their thoughts and emotions about their encounters with the risen Christ. The musical focuses on human feelings of doubt and faith, despair and hope, skepticism and awe.

Under the musical direction of Rosemary Metheny, the Rose Drive Sanctuary Choir and the High School Circle of Friends Choir are combining for the productions. The 70 voices will present 14 songs, including both solos and choir numbers.

Janet Kolb, an experienced drama teacher, is directing the six dramatic scenes. All the choir members as well as the other players dress in full costume typical of New Testament times in Palestine.

The skillful interweaving of music, drama and narration draws fresh attention to the human response to the Easter message.

Six of the characters in the dramas also sing solos, namely Doug Clark, Chris Hatch, Etta Laughland, Don Marshburn, Fream Minton and Dick Shirk. Donna Capp sings a solo separate from the short, dramatic scenes. Anita Slick and Charles Mylander do the narration.

Friends, neighbors and all in the community are invited to either the Good Friday evening or Easter evening performances. Rose Drive Friends Church is located at Bastanchury Road and Rose Drive in Yorba Linda.

Hawks Advance

BY BRIAN HILDERBRAND

Chris Vidovich and Mark Ashford each singled in two runs to spark a five-run sixth inning as El Dorado advanced to the fifth place playoff in the 13th annual Santa Ana Elks Lodge/baseball tournament with a 10-5 victory over Orange.

The Golden Hawks played Villa Park on Tuesday for fifthe place (results not available at press time).

El Dorado proceeded in the championship bracket after Saturday's 11-10 win against Saddleback in 16 innings. Mark Hilliard doubled in the go-ahead run, and Bill Cass drove in the winning tally in the six hour fiasco.

A 4-3 setback by Los Alamitos on Monday upset the Hawks' chances of playing in the championship game. Dave Nagy knocked out a three run homer in the third as ED went ahead, 3-0. But the Griffens battled back

Founders Seek Equal Treatment

[Continued from page 1]

to require from other volunteer organizations regarding demands that they pay for umbrella and workmans compensation insurance.

Betty Mead, Founders second vice president added a plea that the Founders seek an appeal from the city council on the recent insurance decision.

Mrs. Mead pointed out that members had entered the hastily called city council meeting having been told "it would take ten minutes." The session was almost three hours.

"We did not even have an attorney with us and no member of the organization had seen the proposed lease nor was it provided to us. We didn't really know what city council and staff were talking about or why the Founders had been singled out for such discrimination," she emphasized, concerning the insurance.

The city had been represented by City Attorney Charles Post III at the session.

It was suggested at the specially called city council meeting that at some time in the future all volunteer organizations might be required to provide their own umbrella and workmans compensation insurance. However no date was given and no reason forwarded as to why the Founders had been singled out ahead of such an all-city policy, if it is consummated.

Also of concern to some members of the Founders was that some of the material that had been requested by a council subcommittee as a time line for the restoration of the Bradford House, had been inserted in the lease apparently as timed demands.

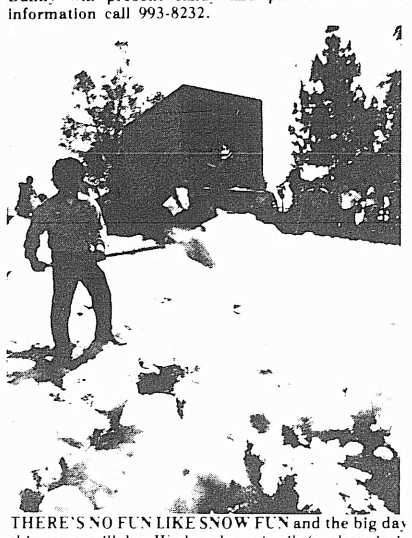
The Founders Society had petitioned city council to lease the Bradford House for $1 a year, to restore it to its "gift" condition and make it available to the public for a beneficial use without expenditure of taxpayer money. The council had voted unanimously of those present, to accept this offer.

Mrs. Clairee Tynes, president of the Founders Society pointed out this week that it has been almost two months since the city council vote was taken "and the lease isn't signed yet."

Founders members Wednesday voted to write an open letter to the public asking that the city council request insurance coverage from all other volunteer organizations in the city for the use of any city facility, including all athletic programs, if this demand is to be made on the Founders.

Charles Barranco, manager of the North Placentia branch of Bank of America and the Founders treasurer pointed out that if the Founders cannot consummate the Bradford House lease and their present insurance policy by April 7 the policy will then be cancelled.

THE EASTER RABBIT will be one of the big attractions at Placentia's annual Easter Egg Hunt scheduled for Saturday, April 9 at 2 p.m. in Kraemer Park. The event is open to boys and girls 3 to 10. Participants should bring three colored Easter Eggs for hiding and a basket for collecting. The Easter Bunny will present candy and prizes. For more information call 993-8232.



THERE'S NO FUN LIKE SNOW FUN and the big day this year will be Wednesday, April 6 when it is predicted that snow will fall on Mt. Kraemer in Placentia's Kraemer Park. Boys and girls preschool through sixth grade are welcome and inner tubes and plastic saucers also. More information at 993-8232.

The election will be held on April 19, 1977, at the general meeting of the Brookhaven PTA; the meeting will be followed by an open house of the classrooms.

RUBY SMITH poses for a publicity still taken at one of the major Hollywood Studios before her death. She spent the last years of her life in Placentia.

Ruby Smith Dies At 73

[Continued from Page 2]

found out about her.

With in infectious laugh and a way of drawing everybody into the party, she had entertained at an Anaheim night club several times and for members of the press at one of their Friday night parties.

An aura of uniqueness surrounded her always.

The stories she could tell about her life with Bessie helped write a book ("Bessie" by Chris Albertson) and put her in demand whenever the subject of Bessie, the famous Blues singer was approached.

She relished her memories to the end and never ran out of anecdotes and colorful remembrances. She has lived a full life.

Unfortunately, her expertise on Bessie and a time of life in America when blacks appeared to exist only in a special subculture, is lost forever.

Ruby had asked to be cremated and this last wish was granted her. She was surrounded by her new found friends at the end. It was a knack she had of making staunch friends and retaining their loyalty.

On these western shores only a brief span of her life, Ruby will be sorely missed. Along with her talent of bringing life to the party, a trait she undoubtedly shared with her more famous relative-in-law Bessie, there was within her a love and understanding of what was going on around her.

McFadden Fight

have concluded that I must take this action.

"It saddens me to think that I will not be able to see the issue through as chairman of this concerned group of people, who no longer will take things lying down, but who will stand up for their rights as Class A citizens.

"However, it makes me happy to think that you will continue in our struggle and that I in some other capacity will be helping achieve our goal in preserving McFadden School.

"The seed of concern and awareness has been planted, it has already germinated; it is up to you to nurture this plant and protect it in order that it may grow straight and strong, allowing its branches to extend to other areas of concern in the community.

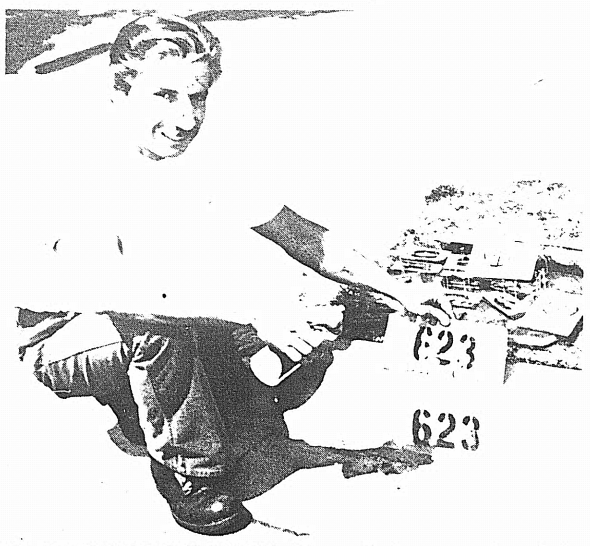
"God willing I will be seeing you at the next meeting."

Members of the committee were continuing this week with a painting street numbers on the curbs project authorized recently by the Placentia City Council. The effort is being conducted to raise funds for court costs for the McFadden court case.

The decal used carries the house number and an orange and green logo. Residents are free to contribute whatever amount they like for the service in updating curb numbers which has not been available in recent years.

The work is being supervised by George Buelna.

Ms. Chandez said the work of the committee will continue with renewed vigor as members of the group "work together to keep our school open."



TO SAVE MCFADDEN SCHOOL—George Buelna, a member of the Citizens for the Preservation of McFadden School, paints numbers on curbs at homes throughout Placentia to raise money for court costs to save the school. Donations are welcome for the committee's efforts. The Placentia City Council has given permission for the project.

Hawk Band In Las Vegas Parade

An invitation to the El Dorado High School band and drill team to appear in the Helldorado Parade, will not only give the groups some marching time but a tour of Las Vegas as well.

The excursion was unanimously approved last Monday night by members of the Placentia Unified School District Board of Trustees.

The entourage will leave Saturday, May 14 and arrive at Hoover Dam at 3:30 p.m. for a free tour. The students will be staying at Western High School in Las Vegas, where there are boys and girls gyms, using sleeping bags for facilities.

Dinner that day is scheduled for the Mint Hotel followed by an evening at the Circus. The parade, which is non competitive takes place on Sunday.

YOUR Pharmacist SPEAKS

LINDA VISTA PHARMACY

In these days of medical miracles, it's hard to realize that as recently as the 19th century an American President suffered throughout his life from a bullet that could not be removed from his chest. Andrew Jackson, our seventh President, was 39 years old in 1806 when he was wounded in a duel.

Without X-Rays, modern surgical techniques or antibiotics, the doctors of Jackson's time could not locate the slug, remove it nor treat the chronic infection it caused. The wound never healed. Jackson suffered all his life from a condition that would be fountinely handled today.

There's nothing routine about the way we handle your prescription. We always give it the special treatment it deserves when you depend on LINDA VISTA PHARMACY, your professional pharmacy.

Hawks Racquet Men Lead

BY BRIAN HILDERBRAND

Led by the near-perfect play of junior Steve McAllen, El Dorado's varsity tennis team currently possesses a 5-1 Orange League record.

McAllen, ED's #2 singles player, has lost only one league set to compile a 23-1 mark. His only defeat came on Friday in the Hawks' 19-9 loss to Sonora.

Last week, El Dorado won two of three league matches, knocking off Fullerton (15-13) and Valencia (19-9), but losing to Sonora.

In the Hawks' victory over the Fullerton Indians, McAllen swept his opposition by winning all four sets. The doubles team of Blake von Specken-Tracy Pierson also won each of their four sets.

Todd Boorman and Todd von Specken, ED's #2 doubles team, won two of their four sets to aid in the cause.

Against Valencia; McAllen, Blake von Specken and Jeff Yee all swept in singles for the Hawks. Both McAllen and von Specken gave up only three games each.

Pierson and Todd von Specken won two sets as ED's #1 doubles duo, as did the team of Norm Franz-Boorman.

Despite a sweep performance from Blake von Specken, the Hawks dropped a 19-9 decision to the Sonora Raiders for ED's first league loss.

McAllen suffered his first (and only) defeat in his first set against Phil Philiipi, 6-7. But McAllen rebounded from the loss and won his next three sets.

Bob Schipsi, the Hawks' #3 singles player, won two of his matches in the loss.

After a non-league match with Orange on Monday, El Dorado will take the rest of the week off for Spring recess. The Hawks will then meet La Harba on Tuesday, and Canyon on Friday as the Orange League race resumes.

Troy Tied For Lead

by SCOTT EMBLIDGE

Troy High School's baseball team moved into first place last week by defeating Western, Sunny Hills, and Savanna. The Warriors are now tied at the top with Magnolia, each school possessing 5-1 records.

Troy scored a 7-1 victory last Tuesday over Western with outfielders John Christensen and Steve Lavering each getting two hits and scoring two runs. Lavering had a home run and a two-run double. Pete St. John and Brian Faulders held Western to one run scored in the third.

Last Wednesday Troy played a make-up game with Sunny Hills and the Warriors grabbed a 4-1 victory. Wayne Jacques, who has been Troy's ace so far, pitched a four hitter with the Lancers scoring once in the fourth inning. Steve Burr had a single and a double and Christensen scored two runs in the victory.

Burr's two hits raised his average to .529 to give the senior third baseman the club's hottest bat. All-Freeway League center fielder Lance Brewer is batting just under .500 for the Warriors, also.

The victory over Sunny Hills set up the Warriors showdown with Savanna for first place. Brewer and Jim Weaver scored in the first inning for Troy but Savanna countered with two in the third. In the bottom of the seventh it was Christensen who came through, scoring pinch runner Jeff Smith on a long fly ball.

Superb pitching by Lavering, who limited the Rebels to just three hits, was the deciding factor in the contest. The Warriors themselves collected only five hits.

Troy travels to Lowell to meet the 1-5 Patriots on Tuesday April 12.

FORMER HAWK STAR, Tyrone Branyan, now the leading contender of the Cypress College cager contenders, stretches for a basket, surrounded by Jr. Varsity men from UCLA. Branyan a longtime resident of Placentia is Cypress College's leading basketball scorer of all time.

Branyan, Former Hawk, A Star

Tyrone Branyan (Hawk alumnus).

1,053 career points, 455 career rebounds, 163 career assists. Cypress College's all-time leading scorer. Fourth in team rebounds. Third highest scorer in Orange County this year. All-conference as a freshman. All-everything this season.

In 28 games this season he was the Chargers' leading scorer 25 times. He led the team in rebounding 18 times. On 14 occasions he led in both categories.

In 12 conference games he failed only once to be the Chargers' leading scorer, and out-rebounded his opponents in eight of those games, enroute to Southern California Conference most valuable player honors.

Tyrone Branyan.

With all that accolade you'll notice him on the court.

Quiet, shy, yet possessed with ability, Tyrone Branyan remains unimpressed with himself and his records.

"He's amazing," says Cypress coach Don Johnson. "He seems to play better under pressure. He thrives on it. In fact, he plays his best games against the stiffest competition and does not seem to play well against easier teams."

"I'm not a dominate player," insists the 6-7 sophomore forward. "I can't function on my own. I'd be nothing if it weren't for the other four players on the court."

"The team we have here makes me what I am," he continued. "I wouldn't be the most valuable player if we hadn't won the conference. All of my individual success has come because of the team's success. If we were 0-12 instead of 12-0 I wouldn't have received any recognition."

Had Tyrone not been around the Chargers might very well have been 0-12.

Born in Cushing, Oklahoma, Tyrone came to Southern California in the summer of 1965 with his family. His father, a petroleum engineer, moved his family to Placentia, where Tyrone graduated from El Dorado High School in 1975.

At El Dorado High Branyan was selected second team ALL-CIF as a junior, and first team as a senior, leading El Dorado to the CIF Southern Section 2-A title, two consecutive seasons.

At Cypress he grew from a scrawny 6-5, 170-pounder to a strong 20-year-old with a present weight of 210 pounds.

"If I had weight in the beginning," he said of himself, "I would've played football. But then, I was tall. If I had been 4-6 I would've been a jockey."

Branyan is the first to praise his fellow teammates.

"Jim Sargent (sophomore forward) is a great interior passer and so is Barry Weston (center)," he says. "Sargent always takes the opposition's best player, leaving me free.

"Rory Lovell (back-up forward) always draws the opposition to him. That leaves me with what is left. Sargent will pass up an open 15-footer and pass to me for an easy five-foot banker.

"In rebounding Sargent gets inside and blocks off the guy he's guarding and Weston is 6-9. The ball just comes to me.

"I can't jump," he insists, although he averaged nearly 10 rebounds a game this year and finished one with 18. "They make it easy for me."

Termed a "calming influence," by the Charger coaching staff, Branyan has more than filled his role as team captain this season. He's a leader--although a silent one. More importantly, he's a force that has kept the Chargers together enroute to the No. 1 state and Southern California rankings.

He loves to play basketball, and if past performances prove a successful guide to the future, Branyan will leave his imprint on the court at Fresno's Selland Arena, his coach emphasizes.

The Valencia girls track team defeated the El Dorado girls track team with a 63-28 win, improving their record to 3-1.

The night meet was held last week at Bradford Stadium. Performances were good despite the cold weather.

Co-ed Soccer Clinic

The Junior United Soccer Association is pleased to announce the formation of a new Co-Ed Clinic Division for five and six year old children for the 1977 playing season.

Boys and girls who will be at least five years old but not older than six years by December 31, 1977, are eligible to play. Registration will be taken at Yorba Linda Junior High School on April 16 and April 23 from 9 a.m. to 4 p.m. with a limit of 80 children only for this division.

Co-ed teams will play within their own city boundaries for an eight week season with preseason practice scheduled to begin on August 1. The Association is presently seeking coaches, managers, and referees for the clinic.

Training will be provided prior to the regular playing season. For further information, contact a registration official at the registration location.

Tiger Pitchers Prove Power

BY COLEEN COLE

While most Valencia students have the week off, the Tiger baseball team is an exception, as they are currently involved in the Bolsa Grande Tournament.

If anyone deserves a rest, it would be the Varsity team, who had two victories for three games in Orange League play last week.

The wins for Valencia came against the El Dorado Hawks, 2-1; and the Canyon Comanches, 7-3; with the only loss being handed to the Tigers by the Sonora Raiders, 3-0.

In the game against the Hawks, ace pitcher Mike McCall gave up only one hit in the entire game. That hit occured in the seventh inning, when McCall allowed Dave Negy of El Dorado to single.

Recording ten strike-outs, McCall also had a very good offensive day, hitting a powerful home run, which broke the 1-1 tie and gave the Tigers the winning edge.

TIGER SWIMMERS qualified for CIF last week. In back, Carl Reiter, Greg Davis and Ray Borzone. In front Chad Nichols.
